Weekly Giving

When we talk about giving during our Stewardship season, we will be talking about weekly giving. We know that everyone doesn't give weekly. Some give every other week, every month, quarterly, or even once a year. But for our purposes, we're going to do the math and talk about how much those average out to if we all gave weekly. When we talk about how much we've increased our giving, we're going to tell you how much our congregation's weekly giving has increased.

When you think about it, it's much less intimidating to think about what we give

weekly than what we give in the whole year. For instance, I am going to increase my giving to Christ Lutheran by \$10 a week. That doesn't really seem like a lot. That's about the cost of two Starbuck's Coffees a week, or one sandwich at the deli, or one tube of the fancy hand cream I like to get. All of these things, I don't think twice about spending money on. It doesn't seem like much to spend \$10 more each week. BUT, if you add it up, just consistently adding \$10 to my offering each week adds up to \$520. And if more people increased that much consistently, that can make a great difference to our congregation.

When you consider your generosity to CLC, don't get overwhelmed by big numbers. Just consider what manageable amount you can give each week!

Stewardship Preachers

During our Stewardship Drive, we will be hearing from our three other resident preachers who will be speaking on the topic of stewardship: Pastors Julie Raino, Danny Wheeler, and Rick Klotz.

This week's Stewardship Preacher will be Julie Raino.

CONGREGATIONAL MEETING Sunday, January 29th, 2023

The Annual Congregational Meeting will be held **Sunday, January 29, 2023**, immediately following worship.

As per our Constitution, an Annual Congregational Meeting will be held to approve the Ministry Spending Plan (budget) for 2023. In addition, our revised Constitution requires a 2nd vote on the proposed changes as were previously voted on in December.

To prepare for this very important meeting, The Annual Report, including the proposed Spending Plan, will be prepared and available for your review prior to the meeting. Your copy of the Report will be emailed to you. If you do not have an email

account, a copy will be available for you at Church on January 22nd to take home with you. This will help us save on postage to mail it to your home. If you are unable to pick it up, it will be mailed to you in advance of the January 29th meeting.

Thank you.

NOTICE:

The 2022 Annual Report was emailed on Thursday, January 19th. Please make sure you open it and take a look at it before the meeting. There are a limited number of printed reports that will be available on Sunday, January 22nd. <u>Please save these for those who don't have e-mail.</u>

WEDNESDAY NIGHTS WITH PURPOSE RESUMES JANUARY 18, 2023

WHAT DOES IT MEAN TO BECOME A RIC CONGREGATION?

The purpose of the Reconciling in Christ (RIC) Program is to ensure the welcome, inclusion, celebration, and advocacy for people of all

sexual orientations, gender identities, and gender expressions; work for racial equity and commit to anti-racist work and support the national program.

We will begin this journey from our own unique context and ReconcilingWorks will support us to help create an authentic welcome journey that is customized to our community.

Since 1983, the Reconciling in Christ (RIC) Program has been a public way for faith communities to see, name, celebrate, and advocate for people of all sexual orientations, gender identities, and gender expressions in the Lutheran church. The RIC Program is made up of congregations, synods, colleges, seminaries, outdoor ministries, and other Lutheran organizations.

PLEASE JOIN THIS IMPORTANT CONVERSATION AND PLAN TO ATTEND WEDNESDAY NIGHTS WITH PURPOSE at 5:30 TO 7:00 PM, JANUARY 18 TO FEBRUARY 15, 2023!

From Silke Pyrlik, Director of Spiritual Formation

About the RIC (Reconciling in Christ) journey our leadership has decided to undertake

Please check out this website <u>**RIC**</u> and attend our Wednesday Nights with Purpose (WNwP) learning opportunities to be fully informed about what this journey means.

CLC leadership really, really, really would appreciate to see all of you at the many learning and listening opportunities that we will

create over the coming months.

In July 2020, still in the middle of the pandemic, I wrote the following in our newsletter:

"In moments of insecurity and crisis, shoulds and oughts don't really help. They just increase the shame, guilt, pressure, and likelihood of backsliding into unhealthy patterns. It's the deep yeses that carry us through to the other side. It's that deeper something we are strongly for—such as equality and dignity for all—that allows us to wait it out. It's someone in whom we absolutely believe and to whom we commit. In plain language, love wins out over guilt any day." (Richard Rohr, Daily Mediation 7/5/2020)

"Like Richard Rohr in his article insinuates, we humans are not made to change voluntarily. We will not leave our comfort zone just because. We always need to be pushed or dragged out of our comfort zone and into a brighter, changed future by outside forces. And those usually include times of upheaval, pain, chaos.

And while being in the midst of those uncomfortable times, like right now, we need to let love win. Not doubt, not shame, not guilt or pressure. We need to dig deep to find our big YES inside of us! What are we FOR? Instead of against?

What is our greatest and biggest hope and wish for the future? Are we ready to let go of some old, potentially unhealthy patterns and can allow God to change us from within? And trust that whatever stands at the end, even though not visible for us yet, or even imaginable, that it will be good? Most likely even better than before?

That is what I personally hope and pray for. With all the changes in my life, having to let go of pretty much everything that was dear and near to me for the last 20 years, the seemingly upheaval, chaos and pain I'm living in, can I trust without seeing or knowing yet, that at the end my life will be better than before?" (Silke Pyrlik in July 2020)

Obviously, today in January 2023, I can wholeheartedly admit that my future and life turned out better, brighter, and more amazing than I could have ever imagined. I did not know that in 2020 or even 2021. But I trusted in God and I found that deep "YES" inside myself. The yes to life, to change, to transformation, to letting go of the old, to withstanding the fear of change.

Why am I bringing up this old story up?

Because I hope that we, as church, as community of believers who've gone through so much in the last years, will also be able to find the "YES" inside of us to embark on a journey of deep self discovery. Who are we as a congregation, as a family of believers? What are our values? What do we stand up for? What are we deeply afraid of? How do we communicate with each other? How do we listen to each other? How do we love each other?

Taking on a risky journey can and should be the great initiator of spiritual growth for a church and done right, should lead to lasting and deep transformation of ourselves as well as our church as a whole. It should bind us closely together. It should unite us and never divide us because every voice will be heard and every viewpoint will be valued. For that to happen we need to engage in real, fearless and respectful conversations. There will be no voices of fear, judgement or cynicism allowed.

There cannot be gossip or behind-the-back-talk or non-engagement. We all are called to prayerfully and respectfully engage in conversations and in learning opportunities.

Like I said in 2020: Can we trust that whatever stands at the end, even though not visible for us yet, or even imaginable, that it will be good? Most likely even better than before?

At the end of this journey we should emerge as an attractive, strong, confident, trustworthy, and loving congregation that people will love to be part of.

Community Career Event Saturday, January 21 at Hilton Head High School

The recent years have seen an influx of small footprint, high technology firms relocating to the area and those that are here expanding via new markets, productive innovations and improvements in technology. Additionally, technology improvements are born from the three military installations as they upscale their material and human resources while on active duty. And notably each year between 1200-2000 military personnel exit their branch of service right here bringing with them an amazing legacy of technical training, superb work habits and ethical value systems.

With this influx of talent and initiative, it is important that the young and those aspiring to improved career skills realize that opportunity lies right here in their home geography. We want our own people, who currently live in Hilton Head and the Low Country, to be the first ones to have these wonderful jobs and the education needed to get them!

The Community Career Event is designed to bring together human talent, resources to improve personal skills, and financial organizations to fund new aspirations, on Saturday January 21, 2023 at Hilton Head High School, from 12-4pm.

Bring your Students, parents, and mid-career adults to touch and experience the lucrative jobs and opportunities that lie before residents of the Silicon Garden!

Offering Envelopes

As 2023 is upon us normally you would be receiving your offering envelopes. However, the manufacturer had indicated in early December that they are having

extreme difficulty completing orders. They have been hit with staffing shortages a well as equipment failures and are behind in their orders.

As soon as the envelopes arrive, we will be placing them in the narthex for you to pick up. In the meantime, did you know that Christ Lutheran has many different ways to help you with your

offering.

- 1. You may utilize the Tithely page on our website. Just go to <u>clchhi.org</u> and click on GIVING. It works the same as your envelope with exactly the same funds for you to give to as your envelope.
- 2. Another opportunity is VANCO. This is a bank withdrawal, set up with Linda in the office.
- 3. Or simply use a blank envelope, please add your name to the front and we will process your offering into the Advancing Our Ministry fund. If you would like a more specific fund, just place that on the outside of the envelope along with your name.

Thanks for your understanding and patience with our 2023 envelope order.

CONGRATULATIONS!

We are thrilled to announce that we have once again passed the NAEYC Accreditation process. We've been accredited since 1991 and a big review/observation is done every 5 years.

This time around, CLP scored the highest it ever has! We feel blessed to be able to offer the best early childhood education program to the children of HHI!

Wednesday Bible Study 11 a.m. via Zoom

New Zoom Bible Study Starting December 7 "From Darkness to Light" Dec 7 – Mar 1

A light in the darkness enables life and movement in the face of danger and brokenness. Darkness is not a bad thing but

makes it difficult to see the dangers around and ahead. During the next 13 weeks, we'll hear Old and New Testament writers proclaim the light of God's presence, mercy, and love in the face of great obstacles and darkness. And we'll discuss our calling to share the light of Christ. The members of this study group are from various ELCA congregations across the country who share a common desire to grow and serve. If you can't make it every week, that's okay. We'll welcome you as often as you can join us. Contact <u>Kathy Mork</u> for more info. Study Guides are available in the church office.
